TERMS AND CONDITIONS

1. Shipper and Carrier hereby agree that the shipment covered by this bill of lading is subject to the terms and conditions of this bill of lading and that these terms and conditions take precedence over any conflicting terms and conditions found in any other written or oral contract or agreement between Shipper and Carrier.

2. Carrier agrees to transport Shipper's freight subject to this bill of lading and any non-conflicting terms of any written agreement between the parties. Shipper acknowledges that Carrier is a motor carrier and agrees that Carrier's obligations shall not exceed those found in Title 49 of the United States Code and those historically undertaken by motor carriers carrying general freight.

3. All amounts due to Carrier hereunder are payable to Carrier at Rig Runner, Incorporated
519 N. Sam Houston Parkway E., STE 600, Houston, TX 77060 within thirty (30) days of the date of invoice. Rig Runner may charge interest at a rate of 1 ½ percent per month on any unpaid balance, or the maximum amount allowed by applicable law, whichever is higher.

4. Carrier's liability for the loss, damage or delay to freight shall be governed by 49 U.S.C.§14706 (the "Carmack Amendment") and all claims shall be filed and processed pursuant to 49 C.F.R. Part 370.

5. The rights and obligations of the parties will be governed solely by the laws of the State of Texas and any applicable Federal law in regard to motor carriage, without regard to any conflict of laws principles. The parties voluntarily submit to the State and Federal courts of Harris County, Texas for adjudication of their liabilities, claims and responsibilities hereunder, acknowledge the jurisdiction of such courts and that this venue is proper, and waive all objections and defenses thereto.

6. Carrier's liability for loss or damage to or delay of cargo, or for injury, including death, to persons or damage to property, other than cargo, shall be limited to the value of Carrier's insurance coverage relevant to the particular claim.

7. Neither party shall have any liability to the other party for loss of product, loss of profit, loss of use, business interruption or any other indirect, incidental, special, punitive or consequential damage, irrespective of whether such action is brought in contract, tort or strict liability, and irrespective of whether it was caused or allegedly caused by the negligence of a party.

8. In the event Carrier is unable to effect delivery for any reason whatsoever, then Carrier shall timely notify Shipper, and Carrier's liability thereafter shall be that of a warehouseman, and Shipper shall be responsible for storage charges.

9. Carrier will not carry or be liable in any way for any documents, coin money, or for any articles of extraordinary value unless a special agreement to do so and a stipulated value of the articles are endorsed on this bill of lading.

10. Nothing in this bill of lading shall limit the right of Carrier to require the prepayment or guarantee of some or all charges at the time of shipment or prior to delivery.

11. If the description of articles or other information on this bill of lading is found to be incorrect or incomplete, the freight charges must be paid upon the articles actually shipped.

12. If Carrier is directed by Shipper, or its consignee or consignor, to unload or deliver property at a particular location where Shipper or its consignor, consignee, or the agent of any of them, is not regularly located, the risk after unloading or delivery shall not be that of the carrier.

13. Both parties agree to act in compliance with all statutes, regulations and ordinances relevant to their business and the shipment covered by this bill of lading, and neither party shall act in any manner to cause or require the other party to violate any such statute, regulation or ordinance. Should such condition occur, the party causing or requiring the other party to violate a statute, law or ordinance, whether by demand, contract or otherwise, shall indemnify, defend and hold the other party harmless from any claims of any type or kind brought by any third party, including either party's employees, agents or contractors and/or any governmental entity arising out of or relating to such violation.

14. Shipper shall assure that any location where Carrier picks up or delivers cargo shall be reasonably safe and secure to protect Carrier's employees, agents and contractors from unreasonable risk or injury or harm.

15. The persons executing this bill of lading on the part of each party are each party's duly authorized representatives.
